

Inter-Faith Memorial Service

The Auxiliary Police Benevolent Association, established in 1965, represents the unpaid volunteer auxiliary police officers of the City of New York. NYC Auxiliary Police members work civilian jobs and dedicate their free time to helping make our city a safer place to live and work for no pay or glory, but purely because of a love for our city and an unyielding desire to serve their communities. Our Annual Inter-Faith Memorial Service was created to show sincere appreciation to existing auxiliary police and reserve officers, and acknowledge the families of fallen auxiliary members, for the noble sacrifices they carry and the unsung safety they have provided.
